

SVP 5800 Strap Hook Replacement

This guide will display how to replace the strap hook on an SVP Aqua 5800-A.

Written By: Cheyenne Heinen

INTRODUCTION

This guide provides steps on how to properly replace the strap hook.

TOOLS:

- [Phillips #000 Screwdriver](#) (1)
-

Step 1 — Strap Hook

- Locate the two 3.5 mm screws on the side of the device.
- Apply pressure to the PH J000 philips head screwdriver and turn in a counter clockwise motion until the screw becomes loose enough to pull out.

To reassemble your device, follow these instructions in reverse order.
